

# Year 6 – Maths Targets

The Keys to Success!

+

−

x

÷

## Number and Place Value

I can read, write, order and compare numbers up to 10,000,000.

## Number and Place Value

I can read, write, order and compare decimals up to 3.p.d.

## Number and Place Value

I can calculate intervals across zero

## Problem Solving

I can use formal written methods to solve multi-step problems including those related to money and measures.

## Fractions, decimals and percentages

I can convert between fractions, decimal and percentages, recognising equivalences.

## Fractions, decimals and percentages

I can calculate fractions and percentages of amounts.

## Fractions, decimals and percentages

I can simplify fractions.

## Fractions, decimals and percentages

I can compare and order fractions by finding the lowest common denominator.

## Addition and Subtraction

I can use formal written methods to add and subtract.

## Multiplication and division

I can use written methods to multiply and divide, including remainders as decimals and fractions.

## Measurement

I can convert between units of measure including metric to imperial when working with distance.

## Measurement

I can calculate the value of missing angles within 2D shapes. I can also calculate missing angles around a given point.

## Algebra

I can calculate the value of missing digits.

## Algebra

I can use formulae to calculate the area and perimeter of rectangular shapes and triangles.

## Properties of Shape

I can compare and classify shapes based on their properties.

## Position and direction

I can draw and translate simple shapes, and reflect them.

I have achieved all my targets!
