4th February 2021

Dear Parents and Carers

E-Safety – Safer Internet Day / Free Webinars for Parents and Carers

Yesterday, I wrote to all parents and carers regarding our approach to Safer Internet Day 2021. West Sussex County Council's Community Safety and Wellbeing Team is supporting this year's Safer Internet Day.

Safer Internet Day (SID) is celebrated globally in February each year to promote the safe and positive use of digital technology for children and young people. Co-ordinated in the UK by the UK Safer Internet Centre, the celebration sees hundreds of organisations unite to raise awareness of online safety issues and run events and activities right across the UK.

This year's theme is:

'An Internet We Trust: Exploring Reliability In The Online World'

Safer Internet Day 2021 celebrates the amazing range of information and opportunities online, as well as its potential to inform, connect and inspire us, whilst also looking at how we can separate fact from fiction.

To celebrate and support this important campaign, the Community Safety and Wellbeing Team are hosting free webinars for parents and carers.

The webinars will explore some of the key factors to be aware of regarding the online space and exploitation of children and young people.

West Sussex County Council

There will be a key focus on the following topics: trust online, fake news, conspiracy theories and radicalisation.

To book a **FREE** place, please use the link below:
