Pupil access to the school network is a privilege, not a right. All pupils must follow the conditions described in this policy when using the school network or the Internet.

Pupils that do not follow these conditions may face:

- Withdrawal of the access,
- Monitoring of the network activity,
- Investigation of past network activity,
- In some cases, criminal prosecution.

Teachers will show their pupils how to use the resources available through the schools network by their teachers. School staff will regularly check the network to make sure that it is being used responsibly.

The school will not be responsible for any loss of data or work as a result of the system or pupil mistakes in using the system. The use of any information gathered via the network and the school's Internet connection is at the student's own risk.

### **Conditions of Use**

Pupils will be expected to use the school network system for the purposes for which the school provides it. It is the personal responsibility of every student to take all reasonable steps to follow the conditions set out in this Policy. Students must also accept personal responsibility for reporting any misuse of the network to their class teacher or another adult.

### Acceptable Use

Pupils are expected to use the network systems in a responsible manner. It is not possible to provide a complete set of rules about what is, and what is not, acceptable. All use however should be consistent with the school code of conduct. The following list does provide some examples that must be followed:

Computer Usage Rules	
1	I will not create, send or post any material that is likely to: upset or offend other people or give the school (or West Sussex County Council) a bad name. This includes materials sent / received using Video Conferencing or Web Broadcasting.
2	I will only use appropriate language – I will remember that I am a member of the school on a public system.
3	I will not use language that could stir up hatred against any ethnic, religious or other minority group.
4	I realise that members of staff will regularly check files held on the school network.
5	I will not reveal any personal information (e.g. home address, telephone number) about myself or other users over the network.
6	I will not trespass into other users' files or folders.
7	I will not share my login details (including passwords) with anyone else. Likewise, I will never use other people's username and password.
8	I will ensure that if I think someone has learned my password then I will tell my teacher.

10	If I find an unattended machine logged on under other users username I will <b>not</b> continue to use the machine – I will log it off immediately.
11	I understand that I will not be allowed access to unauthorised chat rooms and should not attempt to gain access to them.
12	I am aware that e-mail is not guaranteed to be private. Messages supporting illegal activities will be reported to the authorities.
13	I will not use the network in any way that would disrupt use of the network by others.
14	I will report any accidental access to other people's information or unsuitable websites that make me feel uncomfortable, to my teacher.
